

nLighten edge data center

Liverpool.

LPL1

Liverpool, a bustling city in northwest England on the River Mersey, is known for its rich maritime history and cultural heritage. It thrives as a pivotal industrial and educational hub and its vibrant economy, particularly in trade and finance, makes Liverpool a key telecommunications and commerce center in the UK. nLighten's presence in Liverpool provides top-notch data services and connectivity to support local businesses and institutions. Liverpool exemplifies where business meets the future.

nLighten Liverpool.

Georgia Avenue
Bromborough Unit 2
CH62 3RG Wirral

Location specifics.

The data center is conveniently located in the south of Liverpool, close to the M53 motorway and just 40 minutes by car from Liverpool John Lennon Airport. The data center has an area of 1,765 m², 5,300 kW of power, an office area and ample parking space.

Like the other nLighten facilities, the Liverpool location enables our customers to benefit from a well-connected, high-availability data center and capable of housing high-density cabinets. The data center comes with a wide range of on-site services and a growing ecosystem of partners, all there to optimally support our customers' IT environment.

Highlights.

1,765 m²

of edge data center space

5,300 kW

proposed end-state site capacity

AI-readiness:
Design build of up to 50+ kW rear-door cooling

Sustainability:
Commitment to a net-zero carbon footprint

Compliance:
ISO27001 in all locations

Edge data center Liverpool Features.
